

CS 174 / SE 174  
**Web Programming**

Spring Semester 2015

Department of Computer Science  
San José State University  
Instructor: Ron Mak

**Assignment #7**

**Assigned:** Wednesday, November 4  
**Due:** Friday, November 13 at 11:59 pm  
Team assignment, 100 points max

**AJAX**

Add AJAX to your web application. Modify a portion of your web page (or dynamically create a menu or table) without a full page refresh.

**What to turn in**

Create a zip file named after your team (e.g., `supercoders.zip`) containing:

- Your .html, .css, and .php files.
- Output from the mysqldump command or the phpMyAdmin Export tab.
- Screenshots of your web pages.

Email to [ron.mak@sjsu.edu](mailto:ron.mak@sjsu.edu) with the subject line:

**CS 174 Assignment #7 team name**
