

Char Macros

OSB

Ex) Old Palm International Palm OS Glue

IsA Num TxtChar IsA Num Txt Glue CharA Num isA num

etc Types of Pen Events: pen Down Event / Graffiti Events
pen Move Event
pen Up Event
event → screenX
 → screenY
Key Down Event
event → data.
 keyDown
 key

Three types of ^{RAM} memory in Palm that are preserved between launches of an app.

① Future memory - already seen

② ~~App~~ App preference memory. CH13

Used to store one struct's worth of global preferences about an application / can use to store last state.

Ex) typedef struct {

~~UIInt16~~ x;
MyType;

MyType pref;
UIInt16 size;
pref.x = 3;

~~size~~ size = sizeof(pref);

To set prefs:

Pre-Set App Preferences (creatorID, myPrefID, version, pref, size, true)
