Information Security: Principles and Practice,
3rd edition

Errata

17th December 2023
1. Page 43, problem 21: The last sentence of this problem should end with a period (".")
   not a colon (":").

2. Page 70, Section 3.5: The sentence that begins “The state of a qubit can be represented
   by a complex number…” should instead begin with “The state of a qubit can be
   represented by a pair of complex numbers…”.

3. Page 317, Figures 10.20 and 10.21: In both of these figures, the right-hand side should
   be the KDC, not Bob. The corrected versions are given here.
